Dear Sir

**Subject:** Request for Funds to Purchase Data for Server Configuration

I hope this letter finds you well. We are writing to formally request an allocation of **₦25,000** to purchase internet data for the ongoing server configuration process. This process requires downloading large files, consuming a significant amount of storage and bandwidth, to set up the internal server effectively.

Ensuring a stable and fully functional server is critical to the successful deployment of our systems, and this data purchase will facilitate essential downloads needed for its configuration.

We appreciate your prompt approval and support in this regard. Please let us know if any further details are required.

Sincerely,

Best regards,

**MMT: COO**
